

Small Businesses in Floyd County

Small businesses are the life-blood of the local economy. Does your small business have growth potential? Or do you have a business idea you are ready to launch?

The Economic Development Authority of Floyd County works to grow businesses and job opportunities in Floyd County. More local jobs mean less money spent on gas and less time on the road for citizens. It also means it will be easier to shop locally.

Whether it's mechanical work, a day care, a catering service, landscaping, carpentry, technology or other non-farm enterprise, this Loan Pool program may be able to help.

Funding for the "5 AND 10" Small Business Loan Pool is provided by the USDA's Rural Business Enterprise Grant Program and the Economic Development Authority (EDA) of Floyd County.

Unfortunately, the only agricultural businesses eligible are commercial nurseries and timber services, but the EDA is actively looking for programs that would help local farms.

USDA is an equal opportunity provider, employer and lender.
